

Attn: PERSPECTIVE Group
Bucharest

Lactalis is a family-run Group based in Laval, Mayenne, in the dairy region of the West of France, with a presence nearly 150 countries. We are the major cheese producer in Europe and number two in the world dairy market with an annual turnover cca 9 billion €.

When entering the Romanian market we realized that it was necessary for us to collaborate with a local Recruitment & Executive Search Company due to our increasing personnel needs.

The collaboration with **PERSPECTIVE Group** was very good as they brought us skilled candidates fitting the profile we were looking for.

We communicated easily and I was glad to see that they are a dedicated, serious and results-oriented team.

PERSPECTIVE proved to be a reliable partner therefore it is my pleasure to recommend them as a qualified specialist in the area of Human Resources Consulting & Recruitment.

Liliana Curelea

Bulgaria/Romania Area Manager
LACTALIS
