FOSECO is a world leader in the supply of consumable products for use in the foundry and steel making industries.

The Group has highly trained sales and service network in 34 countries across the world and operates 29 production facilities in 17 countries, which provides a key competitive advantage.

Hereby we confirm that **PERSPECTIVE Group** has successfully conducted a recruitment project for our company in order to identify the right person capable to represent our company's services and products in Romania.

They proposed us professional candidates so that we could select the ones matching our company's core values and business strategy.

Their team understood our expectations and provided the requested services in due time therefore we were pleased with our collaboration.
